Our Boy's Suits Fit, Wear and are sold at Low Prices. We are a safe Store, for we say—Your money back if you want it.

MRS. B. KAATZ & SON,

203-205 Kindred Street, East Brainerd.

FIGHT OVER EXPORT TRADE.

Millers Claim to Be Struggling for Its Preservation.

Chicago, May 14.—The millers of the country are engaged in what they claim to be a struggle for the preservation of the export trade. The fight is being headed by the Millers' National Federation, of which B. A. Eckhart is president. Arrayed on the side of the millers are the Western roads, under the leadership of the Chicago, Milwaukee and St. Paul, and against the milling interests are the Central Traffic association and Trunk Line association roads. A meeting was held in Chicago during the day at which representatives of all lines from Chicago to the seaboard and from Chicago to St. Paul and Minneapolis and also representatives of the lake carrying lines and of the Millers' National Federation were present. No agreement was reached, as the St. Paul refused to withdraw its rate of 20 1/2 cents on flour for export going by the part lake and part rail route. The Eastern lines, with one exception, refused to participate in the rate, and two committees were appointed with a view to a solution. One reported in favor of maintaining the rate and of placing flour on the same basis as wheat, while the other made a contrary report.

HIGH PRICE FOR CATTLE.

Record Broken at the South St. Paul Stock Yards.

South St. Paul, Minn., May 14.—A small bunch of fat steers raised by H. Knippel of Gibson, Minn., were sold at the South St. Paul stock yards for the highest price ever paid for steers at this place. Eight head, weighing 511 pounds each, were sold for \$5.50 per 100 pounds. A load of steers belonging to Palmer Bros. of Fairfax, which were not so high in quality as the others, brought \$5.50. In the opinion of cattle experts none of these steers would have sold for more on the big Eastern markets.

Fine line of carpets. Hoffman.

Differences to Be Arbitrated.

Detroit, Mich., May 14.—An agreement to arbitrate the pending wage question has been signed by the officers of the local street railway men's union and the Detroit United railway. The men recently asked for a raise in wages from 21 cents per hour to 25 cents and the company refused it, at the same time making a counter offer of 22 1/2 cents. The company also offered to submit the matter to arbitration, which the men decided to do.

WILL OPEN THEIR SHOPS.

Kosher Butchers of New York Confer With the Wholesalers.

New York, May 14.—The kosher butchers of the East Side met the wholesale meat dealers during the day, and after a conference decided to call their strike against the wholesalers off and to open their shops on Saturdays. The decision was not arrived at without a great deal of excited debate. Joseph Goldman, president of the butchers' association, was the chairman of the meeting and the wholesalers were represented by Mr. Sulzberger speaking for the wholesalers and President Goldman presenting the association's demands. Mr. Sulzberger produced many bills showing the price of cattle on the hoof in New York and Chicago and showing the freight rates. He said that at the present prices the wholesaler had very little profit and that they could make no reduction in the price of meat for at least the next four or five weeks. He denied that the wholesalers were in the so-called "beef trust," and assured those present that the United States would look after the trust.

D. M. Clark & Co., carry a nice line of sectional Book Cases.

STRIKE WILL CONTINUE

ALL INDICATIONS POINT TO A LONG STRUGGLE IN THE ANTHRACITE FIELD.

ONE SMALL MINE RUNNING

Prediction Made That the Miners' Convention Will Vote to Have the Strike Proceed Until Concessions Are Granted by the Coal Operators. President Mitchell Refuses to Give Any Opinion on the Situation.

Hazleton, Pa., May 14.—The situation regarding the continuation of the present total suspension of work in the anthracite coal fields of Pennsylvania is a trifle clouded. The apparent overwhelming sentiment for a strike which has been in evidence is not quite so prominent now and predictions are freely made that whatever the delegates in the convention determine upon, the winning side will have only a bare majority. President Mitchell and his fellow officials still maintain their silence, and every attempt that has been made to get their opinion of the situation has proved futile. The indications are, however, that the delegates favoring a strike are in the majority and will win their fight in the convention. The upper district, it is known, is not a unit on the question of a permanent strike, but it is confidently believed that the pro-strike delegations are numerous enough to overcome the considerable anti-strike sentiment in the upper region.

The proposition of the stationary firemen to go out with the mine workers if the latter will endorse the firemen's demands for a shorter work day without a reduction in wages has helped to complicate the situation, and, no doubt, has had considerable to do with the apparent change in the sentiment of many of the miners who were for a strike. The radical strike advocates insist that the miners' union should accept the proposition, which would result in the

Suspension of Work

by the engineers, firemen and pump runners and this would cause the entire suspension of the mine workings. It is held by them that the mine owners would concede the miners something rather than see their property ruined.

The entire region was very quiet. The only colliery that was in operation was the Dusky Diamond at Beaver Brook, near here. Only 10 men are employed there and they are receiving the wages asked for by the union.

National President Mitchell and District Presidents Nichols and Fahey have arrived here from Scranton. President Mitchell stopped off at Freeport, nine miles north of here, and was given an enthusiastic reception. Practically the entire population of the town turned out to welcome him. He made a brief speech in which he counseled the miners to act wisely. He said the majority in the convention should rule and if that majority was for a strike every worker in the region should respond to the call and stand out firmly to the end. If, however, the convention should decide otherwise, he continued, then the miners must stand by their union, for only through their organization could they hope to better their conditions. Frequent conferences were held by the leaders in preparation for the convention. It is not unlikely that the convention will be in session for several days.

DECLARE A LOCKOUT.

Washington Master Builders Proclaim War on Central Labor Union.

Pittsburg, May 14.—The Master Builders' association of the District of Columbia has adopted a resolution declaring a lockout against all mechanics affiliated with the Central Labor union. This includes all the building trades and the lockout will affect several thousand men. Strikes of the plumbers, carpenters and painters have interfered greatly with building operations here and the builders declare that this has made it impossible for them to continue work under contracts with labor affiliated with the central labor union.

STRIKERS GAIN CONCESSIONS.

Pittsburg Carpenters and Iron Workers Receive More Wages.

Pittsburg, May 14.—Two of the big strikes inaugurated lately were officially declared ended during the day, the workmen in both instances being the gainers. The carpenters, to the number of 5,000 return to work at the maximum wage of \$2.50 per day and 2,300 structural iron workers will resume work at 47 1/2 cents an hour. Their original demand was 50 cents. All of the employers in both of these branches of building have agreed to the terms named.

Death of Mrs. Clarkson.

Omaha, May 14.—Mrs. Melora McPherson Clarkson, widow of the late Bishop Clarkson, died at her home here during the night. For 18 years she had been the leading spirit of the Clarkson memorial hospital of this city, which has grown to be the largest institution for children in the West. For years she was vice regent of Nebraska for the Mount Vernon association.

THE SHERADEN HORROR.

Twenty-three Persons Dead and Over Two Hundred Injured.

Pittsburg, May 14.—A careful and systematic search for the dead and injured in the Sheraden horror reveals a list of 23 dead and 202 injured. The complete list of the injured may never be known, as many were able to get away without making their identity known.

A conservative estimate made by those thoroughly familiar with the situation places the number more or less seriously hurt at not less than 300.

The scenes in and around Sheraden were pitiful in the extreme. Practically every house in the village had one or more injured inmates, and in many homes mourning families were gathered about the charred and distorted remains of victims of the calamity. Many children were caught by the flames and as a result the two public school buildings were almost deserted. Of the 700 pupils enrolled there were but 200 in attendance at the sessions. Of the 500 absent Professor Hannum estimates 100 were injured. The children have started a fund for the aid of their unfortunate schoolmates, some of whom are in need of financial assistance.

The damage to property by the explosion and fire will be heavy. The loss at the mouth of Corks run tunnel alone will probably exceed \$100,000. In addition to the heavy loss by the railroad company 200 houses were destroyed.

THREE BOYS DROWN.

One Youth Loses His Life in an Attempt to Save Two Others.

Chicago, May 14.—After rescuing a smaller boy who could not swim, Fred Fowler, 17 years of age, living at Downers Grove, near Chicago, plunged into an artificial lake at that place in the attempt to save two others, and lost his life, the pair he was trying to save perishing with him. The four boys had embarked on the lake in a leaky canoe and it soon let them all into the water. Fowler seized Albert Smith, 13 years of age, and swam with him to the shore. He then returned for Leonard Wall and Harry Morris, but they grabbed his arms so that he was unable to swim and all three sank. Young Smith, standing on the shore, seeing the other boys go down, tied a rope to his waist, and, although unable to swim, leaped into the water in an attempt to save them. He managed to paddle out to the three boys, and like Fowler was seized in such a manner that he was unable to do anything. Some men who had come to the scene pulled desperately on the rope in the hope of bringing the quartette to shore, but Fowler, Wall and Morris lost their holds on Smith and were drowned. Smith was pulled ashore more dead than alive, but was revived. The three dead bodies were recovered later.

MET A TRAGIC DEATH.

Archie McEachern Killed in a Bicycle Accident at Atlantic City, N. J.

Atlantic City, N. J., May 14.—Archie McEachern, the well known champion bicycle rider of Toronto, Can., while being paced by a motor tandem at the Coliseum track, met with an accident which resulted in his death 20 minutes later. The accident was the result of the breaking of the chain of the motor cycle. Riding the tandem were Alf Boake and Robert B. Thompson, who have raced with McEachern for 10 years past.

The effort was to establish a new record. Several miles had been covered when the chain broke, and in the sudden slowing up of the damaged tandem McEachern collided with it and shot in the air like a rocket. His head struck against a projecting board which cut a gash in his neck from which blood spouted in a stream. The jugular vein had been torn open. He expired shortly after his removal to a hospital. Boake and Thompson were uninjured.

FARMERS USE DYNAMITE.

Dam at Outlet of Otter Tail Lake Is Completely Destroyed.

Fergus Falls, Minn., May 14.—The dam at the outlet of Otter Tail lake was blown up during the night. A party of 25 farmers congregated with axes, saws and dynamite at 1:30 a. m. and did a thorough piece of work. The dam was put in by a company of Fergus Falls men several years ago to make the lake a storage reservoir and give additional power to the dams here during the low water stages in summer. The farmers have always objected, as they maintained it flooded their lands, and they have used dynamite on one or two previous occasions, but never succeeded in destroying it. Several of those engaged in the work were recognized and prosecutions are likely to follow.

SHOT BY AN INDIAN.

South Dakota Woman Murdered and Her Daughter Abducted.

Rosebud, S. D., May 14.—Mrs. Sarah Ghostface has been shot and killed by Allen Walking Shield, an Indian of the Rosebud tribe, 40 miles north of this city. After shooting the woman, Shield forcibly carried off her 17-year-old daughter, who later escaped.

An Indian named Fred Hair, who feared Shield would visit his house, armed himself with a shot gun, which he accidentally discharged, shooting off one of his legs.

Nettleton, he don't rent. He sells for your rent money.

FAVOR GENERAL FIRMIN

SENTIMENT INCLINING TOWARD HIM FOR PRESIDENT OF HAYTI.

NEARING PORT AU PRINCE

Revolutionary Leader and His Army

Marching on the Haytian Capital.

Chambers Closed by a Mob and

Business is at a Standstill—Ex-

President Sam Takes Refuge on a

French Steamer.

Cape Haytien, Hayti, May 14.—The feeling in favor of General Firmin as president of the republic has grown in the north and northwestern parts of Hayti and in the Aatibonite district.

The capital of the republic, Port au Prince, is awaiting the arrival of General Firmin for the formation of a provisional government. The troops have been concentrated and are now ready to leave for Port au Prince. Cape Haytien is quiet.

BUSINESS SUSPENDED.

General Firmin's Army Marching on Port au Prince.

Washington, May 14.—The secretary of state has received a dispatch from the American minister in Port au Prince, Hayti, dated Tuesday, 10 a. m., as follows:

"The chambers have been closed by mob. Much firing ensued and one deputy was mortally wounded. The populace attacked the palace and the arsenal last night. Several were killed and wounded. The diplomatic corps embarks the president at 12 today. The minister for foreign affairs and the minister of war have taken refuge at the American legation. Firmin with his army is marching on Port au Prince. Great excitement prevails at Port au Prince and business is suspended for the present."

SAM DRIVEN OUT.

Ex-President of Hayti Goes on Board a French Steamer.

Port au Prince, Hayti, May 14.—Ex-President Sam embarked at 11:30 a. m. on the French steamer Olinde Rodriguez. He was accompanied to the landing place by the American, French and German ministers.

MURDERER GARROTED.

First Execution Under American Authority in the Philippines.

Manila, May 14.—A man named Ricafort, convicted of murder, was executed during the day at Lingayen, the capital of the province of Pangasinan, Luzon. Ricafort was the first murderer to be garroted since American authority has been established in the Philippine Islands. The officials who witnessed this execution think the system employed insures a quick and humane death, but that such an execution is revolting to see.

Dog and Pony Show Wrecked.

Garrison, Mon., May 14.—The Norris & Howe dog and pony show train was wrecked near Gold Creek. One person was killed and several badly injured.

NO CAUSE FOR COMPLAINT.

Stearns County Will Give Senator Buckman Cordial Support for Congress.

Yesterday's St. Cloud Journal-Press has the following to say regarding the congressional situation in this district:

"Senator C. B. Buckman, of Little Falls, was in St. Cloud yesterday afternoon for a few hours, and drifted across several citizens more or less interested in politics.

"The senator has two happy qualities as a politician—he is a good mixer, and he never has a tale of woe. To him life is worth the living, and this world is the best one he has ever seen. When he wants a thing he wants it, and is not at all backward about saying so.

"Just now, he wants to go to congress. He has some warm friends in all sections of the district, including St. Cloud, and he also has some outspoken political enemies—although they all admit that Buck is personally a royal good fellow, big of heart and with good red blood coursing through his veins, and who is not especially looking for trouble, but if there is no other alternative can extract a whole lot of fun out of a very lively scrimmage. There are several excellent gentlemen in this district who would like to go to congress, but they are not sufficiently anxious to go to put up the fight necessary to win with Buckman in the field. The present consensus of opinion is that Buckman will be nominated, and that without any serious opposition. Naturally the republicans of St. Cloud would have preferred one of their own townsmen—Collins, Searle, Brower, Benson or Westerman—but if the selection is to fall upon a citizen of some other county, the gentleman from Morrison will have no cause for complaint in this direction.

"Senator Buckman expressed himself as being in hearty sympathy with the administration of President Roosevelt and Gov. Van Sant. He is also in accord with the recent expression of Senator Beveridge, of Indiana, 'as the tariff ceases to aid and begins to fetter the nation's industries it must be modified, but the change must be made with knowledge, caution and good judgment.' He believes that the tariff should be taken off iron, and that lumber should be put on the free list, and is prepared to say so from the stump.

"Given the nomination Senator Buckman said he had no fear of an election, although he realizes that the district is close. He has never yet been defeated at the polls, and he does not propose to begin while a candidate for congress."

Jeff Saunders Returns.

Jeff Saunders returned from California this morning and he corroborates in detail the statement made yesterday to a DISPATCH representative by Frank Howe. He is well satisfied with the claim he got and states that G. W. Jenkins, who is an expert scaler, estimated that there was close onto nine million feet of pine on the quarter section.

5 room house and 2 lots, corner Quince and 4th streets south. \$400 buys it. Easy terms.

J. L. SMITH.

A Doctor's Bad Plight.

"Two years ago, as a result of a severe cold, I lost my voice," writes Dr. M. L. Scarbrough, of Hebron, Ohio, "then began an obstinate cough. Every remedy known to me as a practicing physician for 35 years, failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for Consumption, Coughs and Colds, I found quick relief, and for the last ten days I have felt better than for two years." Positively guaranteed for Throat and Lung troubles by McFadden Drug Co. H. P. Dunn & Co. 50c and \$1.00. Trial bottles free.

LOCAL NEWS NOTES.

Mrs. Grandelmyer has returned from Chicago.

Dr. Cameron, of Staples, was in the city today.

J. S. Dixon, the shirt man, was in the city this afternoon.

Mr. Denning, of Fort Ripley, left this afternoon for Fargo.

Hon. A. F. Ferris returned this afternoon from St. Paul.

The N. B. A. had a good entertainment and supper last night.

Editor Fuller, of Little Falls, was in the city between trains this afternoon.

J. H. Hagadorn is quite sick and would like to see any of the old comrades.

Keene & McFadden have sold lots 21 and 22, block 40, to E. Kronberg for \$450.

J. F. McGinnis returned from a business trip to the Twin Cities this afternoon.

Attorney Campbell, of Moorhead, was in the city this afternoon between trains.

Mrs. Clulow went to Motley today to preach the funeral sermon of Mrs. Robert Gregory.

H. J. Lawin, of St. Cloud, is in the city in the interest of the Deering Harvester company.

Mrs. Alma Fearing, of Little Falls, who has been visiting in the city, has returned to Little Falls.

F. W. Bonness, who has been in the city on business for a few days, returned to St. Paul this afternoon.

William Whipple, of Wadena, passed through the city this afternoon en route to Minneapolis and St. Paul.

The Minnesota Land Co. has sold the Jones farm of 80 acres in section 18 and 19 to Henry Mahoney, of Aurelia, Iowa.

Miss Hanlon's musical recital last Friday will be repeated tonight. Everyone invited, free admission, but a collection will be taken for the benefit of Ladies Aid.

An ice dealer, while riding his wheel this morning on 4th avenue, apparently resolved all at once to buck the meat trust. The wheel needs repairs badly; the butcher's wagon does not.

The case of Hester Otto, vs. J. J. Howe, has been settled, Judge McClenahan directing a judgment for the plaintiff for about \$200. Attorney Albright appeared for the plaintiff in this matter.

The Ladies Aid of the First Baptist church will meet at the home of Mrs. Regan, 519 4th street north, on Friday afternoon at 2.30. At 5 o'clock a 10c lunch will be served to which all are invited.

Former Master Mechanic Risteen, of the Fargo N. P. shops, who some time ago resigned to go with the Santa Fe system as superintendent of motive power, has resigned that position also, and will in the near future engage in other business. Mr. Risteen is well known in this city.

Commencing next Monday morning the Minnesota & International will discontinue its regular passenger run between Bemidji and the other end of the line, running the passenger from this city to Bemidji and return the same as they used to. The distance from Bemidji on will be covered by a mixed train.

The little six months old son of Mr. and Mrs. J. F. Doran, of Minneapolis, died yesterday morning, and the remains will be brought here tomorrow noon. The funeral services will be held in St. Francis Catholic church probably Friday morning. Mrs. P. D. O'Brien went to Minneapolis last night.

The Legislative Way.

"But this bill should have been settled long ago," objected the tradesman. "Well, sub. de gemmen's out; anyhow, you can't expect a membuh of congress to settle anything without a lot of talkin'."—Baltimore Herald.

Gentle.

Walter—How would you like to have your steak, sir?

Frank Customer (who has been waiting twenty minutes)—Very much, indeed, thank you, if it isn't too much trouble.—Exchange.

Liberal Indeed.

Business Man—Your father gave you a very liberal education, you say?
College Graduate—Sure! The governor did cough up like a gentleman whenever I wrote him for a check.—Philadelphia Press.

Intentions Were Good.

A Michigan minister closed his remarks at a funeral by saying, "An opportunity will now be given to pass around the bier." He meant all right.—Los Angeles Times.

YOUNG FOGELSTROM ESCAPES.

Son of Alderman Fogelstrom Tells of His Treatment at the Red Wing Training School.

The following taken from the Minneapolis Journal will be of interest to many in this city who are acquainted with the subject of the article:

"Clarence Fogelstrom, one of the boys who escaped from the training school at Red Wing last night, was arrested in Minneapolis this morning. He says the treatment at the school has been such that he was unable to endure it and so he tried to escape. His story is corroborated by his own physical condition. He is a small nervous lad 17 years of age, but not larger than the average boy of 12.

"Young Fogelstrom was sent to the school in November, 1892, shortly after his mother's death. He remained there until June, 1901, when he was released on parole. He returned to his home in Brainerd, but soon went to Bemidji where he found work and won a good reputation. He was in Bemidji but a few weeks, however, until he fell sick and was taken to the hospital. As he had no money the matter was reported to the officers of the school at Red Wing and he was taken back under the promise that he would be again released as soon as he was well.

"Young Fogelstrom in support of his charges against the conduct of the school refers to his private diary in which he has made entries from time to time. These entries show that at different times he has been punished severely. One case was when he was placed on what is known as the 'exercise line' for a day, because he spoke at the table. On several different occasions he says he has been severely beaten and has been put back in his classes for slight excuse.

"The boy says that the members of two of the cottages started a riot a few days ago because the food was insufficient and the treatment received was unbearable. The riot was quelled and the boys severely disciplined. On one occasion he stood in the window of one of the dormitories and saw the disciplinarian beat all the boys of one of the cottages because they would not divulge the means used by one of their number to escape.

"The boy was seen at the station this morning and begged to have his case brought before the board of control. He claims that he has been unable to get before the board, although it is the privilege of the inmates to come before the board when it makes its regular visits to the institution.

"He will return to Red Wing tomorrow afternoon but his case will be taken up by persons in Minneapolis who will press the matter before the board of control and ask for an investigation."

Workmen, own your homes! Nettleton will show you how.

The Great Dismal Swamp.

Of Virginia is a breeding ground of Malaria germs. So is low, wet or marshy ground everywhere. These germs cause weakness, chills and fever, aches in the bones and muscles and may induce dangerous maladies. But Electric Bitters never fail to destroy them and cure malarial troubles. They will surely prevent typhoid. "We tried many remedies for Malaria and Stomach and Liver troubles," writes John Charleston, of Byesville, O., "but never found anything as good as Electric Bitters." Try them. Only 50c. McFadden Drug Co. H. P. Dunn & Co., guarantee satisfaction.

Its a pleasure to help people to own homes. NETTLETON.

The Annual Convention of the National Educational Association, will be held at Minneapolis, Minn., July 7 to 11, 1902. For the above occasion The Northern Pacific Railway Co. will sell tickets July 5, 6, 7 and 8th 1902, limited to continuous passage in each direction. Going trip to commence on date of sale with final return limit of July 14th, 1902, at one first class fare plus \$2.00 to cover membership fee for the round trip. 93tf

J. L. SMITH.

Helping Him Along.

"Do you think your father would offer me personal violence if I were to ask him for you?"
"Hardly, but there's no telling what he will do if you don't say something pretty soon."—New York Times.

SAID TO BE KNOWN HERE.

Miss Ruth Welch, of Verndale, Whose Life was Tragically Ended at Minneapolis has Friends Here.

Miss Ruth Welch, of Verndale, the young girl who was shot and killed by J. W. Voight at Minneapolis, Monday afternoon, is not unknown in this city. The following account of the tragedy is taken from the Minneapolis papers:

"A murder and suicide, apparently wholly unwarranted, but none the less appalling in its character occurred at the Parker hotel, on Fourth St. south, in Minneapolis, late yesterday afternoon.

"J. W. Voight, a commercial traveler, in the employ of the Milwaukee Harvester company, shot and fatally wounded Miss Ruth Welch, of Verndale, Minn., and then turning the gun upon himself blew out his brains.

"Life was extinct in the man before assistance arrived, and the woman died in the patrol wagon on the way to the city hospital.

"The tragedy is surrounded with mystery, and the only speculation, enforced with such meager information as can be secured from friends of the dead participants, can be made as to the cause for the act.

"Shortly after 6 o'clock, roomers at the hotel and pedestrians upon the street in the immediate vicinity heard two pistol shots ring out in close succession. They immediately rushed to the scene, and upon the second floor of the hotel found the bodies of a man and woman stretched across the hallway. The woman had a large, gaping wound in the head just above the right temple, and from the nature of the wound and its appearance it was apparent that the shot had been fired at close range.

"The man had no injuries upon his head, but from his mouth there rushed a torrent of blood, indicating that the fatal shot had been fired while the weapon was held between the teeth. Beside the two lay a Hampton thirty-eight caliber revolver. Upon investigation two of the chambers of the weapon were found to be empty, but the barrel was warm, and a slight wreath of smoke hung over the bodies.

"Upon the discovery of the bodies an immediate alarm was given and the patrol wagon, with Officers Glinsberg and Malone, reached the scene within a few minutes. They immediately made an examination to discover whether or not life still remained in either of the bodies. The man was found to be dead, but a slow pulsation of the heart still continued in the body of the woman. She was immediately placed in the patrol wagon and driven to the city hospital, but before they arrived there she had succumbed."

New and other houses for sale on easy terms. P. B. NETTLETON, at Palace Hotel.

Special June Term.

Judge McClenahan will hold a special term of court in Brainerd, beginning June 2, 1902, at 9 o'clock a. m., for the issuance of citizens' papers. Those who take out their second papers at this time will be enabled to vote at the fall elections.

CURRO CASE IS FINALLY SETTLED

Minnesota & International Pays
Wesley Curro \$2300 For
Loss of Sons Leg.

AND THE CASE IS DISMISSED.

Young Carrol Currow was Injured
Last Fall Near Jenkins by
a Freight Train.

Judgment was entered today in the office of Clerk of Court Johnston for \$2300 against the Minnesota & International Ry., the same being the outcome of a suit instituted by Wesley Curro against the company for damages sustained by his son, Carrol Curro last fall, when he was hurt by being run over by one of the defendants freight trains and losing a leg.

Young Curro was on the track behind the caboose while the train was standing in the yards at Jenkins. Without warning the train was backed up and young Curro was thrown down and one of his legs badly lacerated. He was brought to Brainerd and after a consultation it was decided to amputate his leg. Suit was brought against the company and judgment was entered for more than the full amount asked. The suit was brought for \$2000 but the \$300 extra was given for the care and doctoring of the young boy while in the hospital.

Real Estate Bargains.

If you are looking for a snap in a house or vacant lot, call and see me at once. I have 4 houses and about 25 very desirable lots to sell this week and they can be bought very cheap for cash.

"Another Remark on the Subject."

EDITOR DAILY DISPATCH: I did not consider Rev. Hutton's answer to my article worthy of reply, yet after due consideration I came to the conclusion that I must do so in order to defend my reputation as a man, and "a truthful man at that." Thanks to the teachings of spiritualism for giving me the courage to tell the truth. This I have done as stated in my previous article. I do not, nor did I claim to be a scholar, yet I am scholar enough to know and understand what a person is talking about, and that Rev. Hutton in talking about spiritualism and Christian scientists more than once called them fanatics, which I can prove by a number of persons besides myself that heard Rev. Hutton's sermon Sunday evening.

I do not desire to antagonize any one so far as their religious belief is concerned. Yet when Rev. Hutton says "that modern spiritualism is a fraud," I still propose to say that he is ill-informed on the subject, and knows not whereof he speaks. All truthful persons will admit that fraud is practiced in almost everything, spiritualism not excepted, yet truthful persons should also admit that there can be no fraud without the genuine.

So far as Christian science is concerned, I am not prepared, nor well enough posted so as to defend their doctrine; yet I know from personal experience, and belief too, as the Bible teaches us, that by earnest prayer and laying on of hands as Jesus did, physical as well as mental ailments of a far more serious nature than those mentioned by Rev. Hutton, can and are cured in such manner. A case of that kind I witnessed in my own home right here in Brainerd, and that by a spiritualist medium too.

Thanks to God and the angel world for the light that they have revealed to me and millions of others seeking the truth through the phenomena and philosophy known as spiritualism. This light is the true light that Jesus spoke of. The great fundamental principles of all religions are the same. They differ only in their minor details according to the various degrees of unfoldment of different people. "The pure man respects every form of faith," says the Buddhist. "The broad minded see the truth in different relations; the narrow minded see only the differences," says the Chinese.

Yours respectfully,

A. OUSDAHL.

STEVENS-DEROCHER NUPTIALS.

Miss May Derocher Married this Morning
at St. Francis Church to Mr. Benjamin
Stevens, of Park Rapids.

This morning at 9 o'clock at St. Francis Catholic church the beautiful Catholic wedding ceremony was celebrated by Rev. Father D. W. Lynch, the event being the marriage of Miss May Derocher, daughter of Mr. and Mrs. Mose Derocher of this city and Mr. Benjamin Stevens, of Park Rapids.

On account of the popularity of the bride and her wide acquaintance the church was comfortably filled and as the strains of Lohengrin's wedding march pealed forth, the happy couple walked down the center aisle to the altar where the ceremony was performed.

The bride was beautifully gowned in a dress made of mull silk over pau de seau silk, trimmed with applique lace and satin ribbon and in her hand she carried a bouquet of lillies. The bridegroom was dressed in the conventional cutaway suit.

The bride was attended by Miss Celja Robel, of Little Falls and the best man was a brother of the groom, Mr. William Stevens, of Little Falls. The maid of honor wore a gown made of blue silk mull trimmed with applique lace and satin ribbon.

After the ceremony at the church the bridal party repaired to the home of the brides' parents where a wedding breakfast was served.

Mr. and Mrs. Stevens will make their home at Park Rapids where Mr. Stevens is in business. The best wishes of a large number of Brainerd people go with them. The bride is extremely popular in this city, and having been raised here from childhood there is the additional interest in her wedding day. She was connected with the Brainerd Telephone exchange for sometime where she was always an obliging servant of the public.

THE DISPATCH joins with numerous friends in wishing Mr. and Mrs.

ON THE DIAMOND.

A big excursion will be run from this city to St. Cloud Sunday on account of the base ball game. The train will leave Brainerd at 9:30 o'clock and will return in the evening after the game. The train goes at 9:30 so that those who have never been to St. Cloud may have an opportunity to spend the day there. Brainerd will have a strong team for that game. Dr. Watkins may pitch the game. He has been out with the boys and is in very good form. The line-up for the Sunday game will be about as follows: Englebreton, catch, Watkins, pitch; Orth, first base; Merrell, second base; Howe, third base; Flynn, short stop; Williams, right field; Murphy, center field; Finn, left field. Charley McCarthy will not be able to play with the team in these games, as he has to go to St. Paul Sunday. The line-up for the Saturdays game will be about the same except that J. Boyle will pitch. They will both be great games, and of course Brainerd expects to come home with two victories. The line-up of the St. Cloud team for Sunday will be: Ball, pitch, Scott, catch; Vossburg, first base; Lynch, second base; Pierce, short stop; Timmons, third base; Tucker, left field; Dominick, center field; Lotto, right field.

The round trip fare will only be \$1.50. This is thirty-seven cents less than the fare one way.

200 acres of fine level land on main road within 2 miles of Ami Gould, Town 137 Range 27, at \$3.50 per acre. Easy terms, this is a snap.

MUSIC AND DRAMA.

"UNCLE TOM'S CABIN."

Stetson's great \$35,000 production of "Uncle Tom's Cabin" is booked for a performance at the Brainerd Opera House this evening. There is something about Uncle Tom that appeals to all, both young and old, refined or coarse, the cultured or uneducated. It is the savor of the soil, the approval of nature which attracts, and it must be admitted, even by the blasé amusement seeker, that "Uncle Tom's Cabin" when produced in the grand manner which is always the case with the Stetson performance, possesses a charm to be found in no other form of theatrical entertainment. Yet, like everything else in this progressive age, Stetson's Uncle Tom has improved, and each year brings out fresh novelties, new features, pleasing effects. With such an elegant and complete organization as the Stetson Company—with almost unlimited capital at its back—there is nothing which is really good omitted and even the old drama which has been seen so much of late years is enhanced with new ideas to give the air of novelty.

HOWARD KYLE IN "NATHAN HALE."

Tomorrow night the great play "Nathan Hale" as presented by Howard Kyle will be presented at the Brainerd Opera House.

An incident of special note to the theatre goers of our city, will be this first presentation of Clyde Fitch's four act drama "Nathan Hale," with Mr. Howard Kyle in the title role. It will be produced with full stage settings, and costumes appropriate to the time, and a company of competent players. Around the heroic character, from whom the play derives its name, the author has woven a romance of absorbing interest. From the time the scene opens in the historic school-house in New England, to the end of the play, where the self-sacrificing patriot Hale exclaims, as did the original in the heroic drama of the Revolution—"I only regret that I have but one life to lose for my country,"—the interest continues to grow, and the audience seems to feel that it is living the struggles for liberty in the early days of the Nation. One can but reflect that the play must end with the death of the hero, but fidelity to the historical narrative left the author no alternative, and it is this same fidelity, carried through the whole production, that gives to the play its unsurpassed and well merited claim to human sympathy.

KATRINE.

I. D. Cars was at Katrine Friday.

The snow was a blessing to the farmers.

Mr. Miller purchased a fine horse of Lee Mack.

Mr. and Mrs. Maghan called at Katrine Saturday.

Artie Knieff was home from his school over Sunday.

The tulips looked out of place Friday morning, peeping through the snow.

Chas Hunt purchased an organ for his family when in Brainerd.

Supt Wilson visited the schools in our town and stopped over night at Katrine Friday.

The correspondents of the Aitkin Age are having some fun joshing Carl Taylor. If Carl never gets elected to an office, there is an opportunity to pass the hat.

We learn that the funeral and interment of a child of Mr. and Mrs. Fosson took place at Bay Lake Monday. The sympathy of the community goes out to them in their bereavement.

There is more interest taken in the cultivation of the farms this spring than ever before. The days of lumber camps with their parbuckles cross hauls and numerous other terms known only to the jackies have gone. The young men of the future will talk of crops, and herds, and there is no reason why Bay Lake may not be a bright feather in old Crow Wing.

TWO THOUSAND DEAD

**ISLAND OF ST. VINCENT ALSO
SUFFERS FROM A VOLCANIC
ERUPTION.**

STREAM OF STONES AND MUD

Crater of La Soufriere in Full Operation and Throwing Debris Twelve Miles—Ashes to the Depth of Two Inches Have Fallen in the Town of Kingston—Ruins of St. Pierre Cease Smoking.

Fort de France, Island of Martinique, May 14.—The United States government tug Potomac has left here for the island of St. Vincent, where conditions are reported to be worse. La Soufriere, on St. Vincent, was in full eruption May 10. A stream of stone and mud half a mile wide was then issuing from the volcano. Stones two inches in diameter fell 12 miles away. At Kingstown, the capital of the island, the ashes were two inches deep. Seven hundred dead were reported Sunday, May 11. It is estimated that the total number of deaths on St. Vincent reaches 2,000. Most of the seven estates on the island have been burned to ashes and it is authentically reported that two earthquakes have occurred there. It is believed the submarine cables at St. Vincent have been broken by the disturbance. The present volcanic eruption on St. Vincent is the first since 1812.

Governor Hunt of Porto Rico has asked Louis H. Ayme, the United States consul at Guadeloupe, who is now here, what assistance he could render. Governor Hunt's offer has been communicated to the government, which will gladly accept it.

RUINS CEASE SMOKING.

Access to the Destroyed Town of St. Pierre Now Easier.

Fort de France, Island of Martinique, May 14.—As a result of the measures taken by the authorities, access to St. Pierre is now easier. The ruins of the town have ceased smoking. Two thousand corpses have been found in a carbonized condition. It is learned that the rain of fire ceased at a distance of 200 yards from the village of Le Arbet.

Talk with survivors of the disaster confirms previous statements as to the awful suddenness of the catastrophe. It is thought that an enormous quantity of gas was liberated, producing great atmospheric pressure which overwhelmed everything before it. The gases absorbed by the bodies of the victims caused them to burst, and the fire, coming afterwards, carbonized them. This was followed by a rain of stones which enveloped the town, but there was not, as has been said, any flow of incandescent lava.

LOOTING THE DEAD.

United States Tug Potomac Arrests Six Suspected Ghouls.

Fort de France, Martinique, May 14.—The United States government tug Potomac, which came to Martinique from San Juan, Porto Rico, picked up a boat containing five colored men and one white man whose pockets were filled with coin and jewelry, the latter evidently stripped from the fingers of the dead. Lieutenant B. B. McCormick, the commander of the Potomac, arrested these men and turned them over to the commander of the French cruiser Suchet for punishment. The Potomac also brought a ton of supplies to Martinique.

Great Britain Offers Aid.

Paris, May 14.—Sir Edmund J. Monson, the British ambassador here, has officially notified M. Delcasse, the French minister of foreign affairs, that the British government has placed all its available resources, ships and otherwise, in the vicinity of Martinique, at the disposal of the French authorities.

President Signs the Relief Bill.

Washington, May 14.—President Roosevelt has approved the bill passed by congress appropriating \$200,000 for the relief of the citizens of the French West Indies who have suffered from the volcanic disturbances.

SAVORED OF A MASSACRE.

Chinese Troops Kill All Wounded Rebels After a Battle.

Peking, May 14.—The encounter between the rebels and the troops of Yuan Shi Kai, the governor of Chi Li province, practically breaks up all armed resistance to the government. It is estimated that 200 of the rebels were killed. The end of the engagement savored of a massacre. All the wounded were killed and no prisoners were taken.

Two Killed by Wind Storm.

Brazil, Ind., May 14.—A heavy wind storm which swept the southern part of Clay county caused the death of two men and considerable damage to buildings in this city and surrounding territory. Joseph Staley and William Martin, farmers near Clay City, were struck by flying timbers and instantly killed. Several farmhouses were destroyed.

Rejects the Liberal Amendment.

London, May 14.—The house of commons, by a vote of 296 to 188, rejected the amendment offered by Sir William Vernon Harcourt, Liberal, at the second reading of the finance bill in the house of commons, that "this house declines to impose duties on grain, flour and other food of the people."

Was Present at Lincoln's Deathbed.

Lexington, Ky., May 14.—Dr. Lyman Beecher Todd, aged 70, senior physician of Lexington, is dead. He was a first cousin of President Lincoln's wife and was present both when Lincoln was shot and at his deathbed. Dr. Todd was formerly postmaster of this city.

NAVAL APPROPRIATION BILL.

Measure Comes Up for Consideration in the House.

Washington, May 14.—The naval appropriation bill, which provides for two new battleships, two new armored cruisers and two gunboats, and carries a total of \$77,650,000, was taken up in the house during the day. Representative Foas of Illinois, chairman of the naval committee, in opening the debate sounded a note of warning against the overconfident belief that our navy is invincible. He declared that our victories at Manila and Santiago were due to the fact that we were contending with an effete and decaying nation, and that our strength far outmatched Spain in those contests.

Mr. Rixey (Va.) also spoke for the bill, most of his time being given to an argument for government construction of warships.

The conference report on the omnibus claims bill was rejected on the ground that claims not considered by either branch of congress had been inserted in the measure by the conferees and the measure was returned to conference.

The senate bill making additional appropriations for the Martinique sufferers was referred to the appropriations committee.

ADDITIONAL APPROPRIATION.

Senate Adds \$300,000 to West Indian Relief Fund.

Washington, May 14.—An additional appropriation of \$300,000 was made by the senate during the day for the stricken people of the French West Indies, in accordance with the recommendation of the president that \$500,000 be appropriated.

The agricultural appropriation bill was passed and then Mr. Stewart (Nev.), in supporting the Philippine bill, warned the minority that no political gain would accrue to them from their attack on the army. The American people, he said, always had supported the army and always would. He declared that for us to now take down the American flag in the Philippines would be a national disgrace. While discussing the proposed coinage of the silver dollar for the Philippines, Mr. Stewart declared that the silver question in this country was dead, at least for the present, on account of the large output of gold.

The bill providing for the construction of a union railway station in Washington was discussed.

MESSAGE TO GENERAL WOOD.

Rathbone to Be Given Another Chance to Prove His Innocence.

Washington, May 14.—The method by which the president proposes that Rathbone shall be given another chance to prove his innocence is fully developed in a message sent by Secretary Root to General Wood. It should be explained that there is not now, under Cuban law, any means of taking an appeal to a supreme court in cases where there has been an error in procedure in the lower court. Appeals can be taken only where there have been errors of law. To make it possible to review Rathbone's case, therefore, General Wood has been ordered to promulgate a special modification of existing law, which, by the way, will also fit the cases of any other persons held under arrest under conditions similar to those of Rathbone. By promulgating this law now, and before the Cubans assume their own administration, General Wood will cause it to become the law of the land, under that section of the Platt amendment which continues in force the laws as they are left by the American military administration.

SUMMONED TO RATE HEARING.

Interstate Commerce Commission Subpoenas Railway Officials.

Chicago, May 14.—Interstate commerce commissioners and others concerned in the inquiry into the alleged unfair rates on live stock and packing house products took steps to prevent the absence of witnesses by serving subpoenas on numerous railroad officials. The meeting of the commission to hear the complaint filed on behalf of the Chicago Live Stock Exchange will be held in Chicago Thursday. The railroads complained of are those running from Chicago to Missouri river points.

Notice of the proposed meeting of the commission was served on the officials of these roads some time ago. Postponement was asked, but was denied.

ACTION IN NEW YORK.

State Intends to Proceed Against the So-Called Beef Trust.

Albany, May 14.—Attorney General Davies personally made application to Justice Chester of the state supreme court for the appointment of a referee to take testimony of certain witnesses in the matter of the so-called beef trust, preliminary to framing a complaint. The application was granted and ex-Justice Landon of Schenectady was appointed referee. A hearing will be had before the said referee in this city next Thursday. Governor Odell has been fully advised of the investigation made by the attorney general to date and the proceedings meet with his entire approval.

To Investigate Commissioner Jones.

Washington, May 14.—Senator Stewart, chairman of the senate committee on Indian affairs, has introduced a resolution authorizing an investigation into the charges made by a witness before that committee against Indian Commissioner Jones. The resolution was introduced at Mr. Jones' request.

Potter Palmer's Will.

Chicago, May 14.—By the terms of the will of the late Potter Palmer, his widow, Mrs. Bertha Honore Palmer, succeeds him as head of an estate conservatively estimated at \$3,000,000. The property goes jointly to their sons, Honore and Potter, Jr., but Mrs. Palmer is given almost unlimited control of the ultimate disposition of it all.

German Steamer Wrecked.

Santiago de Chile, May 14.—The German steamer Sakkarah has been wrecked south of Chiloe Island. She is a total loss. Her passengers and crew were saved.

LOUISVILLE IN DARKNESS.

Heavy Wind Storm Blows Down Many Electric Light Poles.

Louisville, May 14.—One hundred and twenty-five thousand incandescent electric lights and two-thirds of the arc lamps used for street lighting are not burning as a result of half a mile of poles on Fourteenth street that carried the feed wires of the Louisville Electric Light company being blown down by a severe wind and rain storm that broke over Louisville during the afternoon. The storm did minor damage all over the city and caused great excitement in the grandstand at Churchill Downs, where the races were in progress.

RUSSIANS AND ARMENIANS.

Serious Riots Occur in the Province of Kuban, North Caucasus.

St. Petersburg, May 14.—Serious "Russian Easter" riots have occurred in the province of Kuban, North Caucasus, between Russians and Armenians. The latter were outnumbered and routed. The Russians then stoned the houses of the Armenians and pillaged their shops. The Armenians would probably have been massacred but for the timely arrival of troops. Many arrests were made.

Charged With Stealing Bank Funds.

Philadelphia, May 14.—Harry G. Bell, who, until March 29 last, was receiving teller of the Riverside National bank of New York, has been arrested here on a fugitive warrant charging him with larceny of bank funds to the extent of \$40,000. He was committed to await requisition papers from New York, but he says he is willing to return without them. According to the detectives his method was to enter deposits in the books of depositors, but fail to do so in the books of the bank.

Kitchener's Weekly Report.

London, May 14.—The weekly report of Lord Kitchener shows that 19 Boers were killed, 6 wounded, 802 made prisoners, 9 surrendered and 600 rifles, 157 wagons, 400 horses and 4,500 head of cattle fell into the hands of the British.

TELEGRAPHIC BREVITIES.

An electric lighting company has been formed at Havana with a capital of \$2,000,000.

The senate has confirmed C. B. Jackson, agent for the Indians of the Sisseton agency, South Dakota.

It is announced from Castle Loo that the condition of Queen Wilhelmina of Holland continues to improve.

The death is announced of Julius Koestlin, the distinguished theologian of Halle, Germany. Herr Koestlin was born in 1826.

There have been 900 cases of cholera with 769 deaths in Manila. The provinces report 2,888 cases and 2,092 deaths from the disease.

It is reported that General Alfaro, the former president of Ecuador, is preparing a revolutionary movement against President Plaza of that republic.

Dr. Marie E. Zakrzewski is dead at Boston. She was the pioneer woman physician of that city and one of the pioneers of the movement that enabled women to practice in various sections of the country.

A MOST REMARKABLE CASE

MEDERINE

A GUARANTEE BLOOD—AND—CATARRH CURE

Rheumatism and Gout.

Chronic Rheumatism Cured.

SIoux CITY, IA., May 4, 1900.

MEDERINE REMEDY CO., West Superior, Wis.

GENTLEMEN: I have been a constant sufferer from Chronic Rheumatism for the past three years, necessitating the use of crutches most of the time to walk. I heard of MEDERINE and got my druggist to order a bottle. I took it according to directions. It helped me so much that I took four bottles more, with the result that I am entirely cured. God bless MEDERINE to my daily prayer. WARREN MOORE.
